## Organization chart TBZ Mitte

(Planungsstand: 09.01.2012)

## School facilities and site plan

The TBZ Mitte in terms of figures

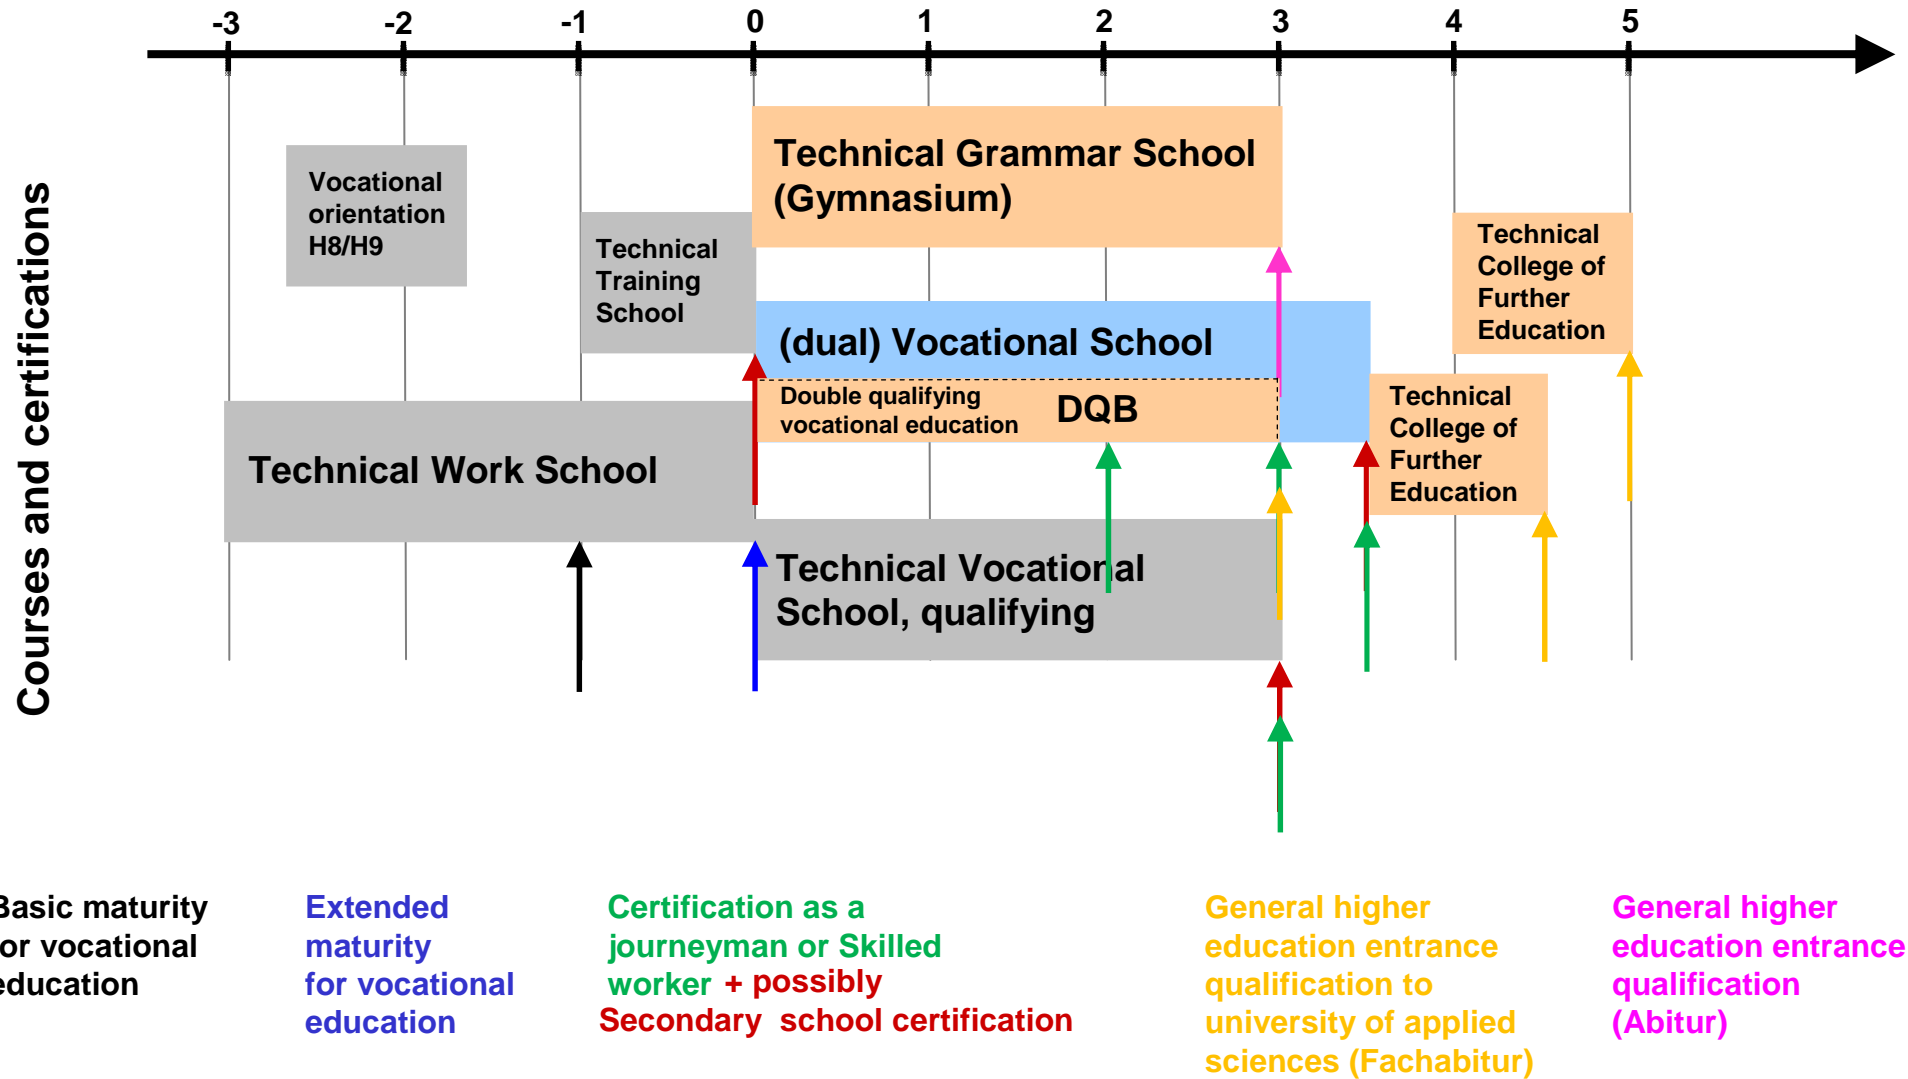

**Total amount of students: 2.486**

**Total amount of courses: 123**

Vocational educational courses (Part-time)				Courses for entry qualification to higher education		Courses preparing for vocational education		
ET	FT	MT	DQB	FOS	BGT	BFS	BFSq	Werk-schule
781	667	653	110	72	167	84	30	32
2101				239		146		

Updated: 2011-10-10

- **Technical Work School (Werkschule), three year course**
- **Technical Vocational School qualifying, three year course**
- **Technical Vocational School, one year course**
  - **Main emphasis on electrical engineering**
  - **Main emphasis on mechatronic technology**
  - **Main emphasis on metal and automotive engineering**

## **Technical Grammar School**

- **Main emphasis on information technology**
- **Main emphasis on mechatronic technology**
- **Main emphasis on aircraft and space technology**

## **Technical College of Further Education (Klasse 12)**

- **Main emphasis on mechatronic technology**

**Double qualifying vocational education (DQB)  
with in the dual vocational training system**

**Section for electrical engineering &  
mechatronic technology**

- **Electronics technician for automation technology**
- **Electronics technician for industrial engineering**
- **Electronics technician for devices and systems**
- **Electronics technician for aviation systems**
- **Information electronics technician,  
Main emphasis on equipment and system technology  
Main emphasis on office system technology**
- **Mechatronic mechanic**
- **Event technology specialist**

**Section for transportation and  
automotive engineering**

- **Motor vehicle mechatronics technician**
- **Motor vehicle body and vehicle construction mechanic**
- **Bicycle mechanic**
- **Bike mechanic (engines)**
  
- **Railwayman/Railwaywoman in operational service**
- **Aircraft mechanic**

**Section for metal &  
mechanical engineering**

- **Industrial mechanic**
- **Machine and plant operator**  
(Metal and plastic technology)
- **Production mechanic**
- **Tools mechanic**
- **Milling machine operator**
- **as well as a variety of small training profiles “Splitterberufe”**
- **Engineering draftsman / engineering draftswoman and  
Technical product designer**
- **Mechanic in plastics and rubber processing**

Thank you for your kind attention!
