Faculty of the Economics of Services and Tourism

organizes programmes for:

- ❖ Bachelor degree
- ❖ Engineer (Master) degree
- ❖ Doctoral degree.

Bachelor degree

Programmes last for 3 years. They are aimed at obtaining a theoretical background and practical skills based on the current state of knowledge and at using them in job performance or in further study for Engineer degree. In the course of the bachelor programme students take a final language examination in the area of business.

Bachelor degree

The study is completed by the state bachelor exam. The exam consists of defending a final work, oral exams in economics and compulsory specific subjects of the programme. The graduates of this type of study are granted a Bachelor degree “Bc”.

Bachelor degree

Within bachelor degree the school organizes programmes in the following fields:

Tourism

Corporate Economics and Management

Finance, Banking and Investment

Regional Development and Public Administration

Public Economics and Services

Bachelor degree–Tourism

The graduates of this programme are trained for managers at a bottom or middle levels of management in tourism businesses. They are able to organize and lead a team of people, manage business and operational processes in hotels and hospitality facilities or in travel agencies and can also run their own business in this sphere.

Engineer degree

Programmes last for 2 years. They focus on obtaining theoretical knowledge and practical skills based on the current state of knowledge, and on using them in job performance or in further study for Doctoral degree. Engineer degree specially concentrates on developing creativity in the formation and management of economic processes.

Engineer degree

The study is completed by a final state exam which consists of defending a diploma work and a complex examination in major subjects of the respective programme.

The graduates of the Engineer type of study are granted a degree of Engineer, in abbreviation “Ing”.

Engineer degree

Within Engineer degree the school organizes programmes in the following fields of study:

Tourism

Corporate Economics and Management

Finance, Banking and Investment

Public Economics and Services

Engineer degree–Tourism

Programmes:

- ❖ Economics of Tourism Enterprises.
- ❖ Management of Tourism .
- ❖ Intercultural Communication in Tourism in
a foreign language.

Engineer degree–Tourism

The graduates of this field of study are qualified engineers – economists with theoretical knowledge and managerial skills, prepared for positions at the middle and top levels of management in tourism. After acquiring adequate practical experience they can function in the management of tourism businesses, bodies of state administration and self-government in the areas of tourism, research and vocational schools in tourism.

Doctoral study

The third degree of higher education focuses on getting current knowledge and on student's own contribution to it as a result of research in the area of economics. In the full-time form it lasts three years and in the part-time form five years. The aim of the doctoral study is to prepare students for independent creative research. They acquire comprehensive theoretical knowledge and learn the methodology of research work. In this way they gain the highest degree of university education in the respective field of study.

Doctoral study

The study is completed by a dissertation exam, which belongs to state exams, and by defending a doctoral thesis.

On completion of the study, the degree “Doctor of Philosophy” (PhD) is conferred on the students by the Faculty.

Doctoral study

Fields of study:

- Tourism
- Public Economics and Services

Doctoral study

Doctoral students carry out their duties in the theoretical and research parts of doctoral study according to individual study plans. The students of full-time doctoral study engage in teaching process or in other pedagogic activities. They actively participate in conferences, seminars and other special events. Attention is also paid to the methodology and ethics of research.
